SCOPE OF OPERATION

Danforth Consulting operates within the procurement, general supply and business support sector, serving government institutions, corporate organisations, small and medium-sized businesses and private-sector clients.

As a 100% black female-owned South African business, Danforth Consulting is committed to participating meaningfully in the local economy and developing sustainable business relationships.

We aim to grow our supplier network, expand our service capability and create opportunities for collaboration and employment as the business develops.

OUR COMMITMENT

We source with purpose.

We serve with professionalism.

We build for long-term growth.

VISION STATEMENT

To become a trusted and preferred procurement and supply partner, recognised for quality products, reliable service, professional solutions and lasting business relationships.

DANFORTH
CONSULTING

MISSION

To provide clients with dependable, cost-effective procurement and supply solutions through responsive service, careful sourcing and professional execution while continuously building a sustainable and reputable South African business.

To simplify procurement by connecting clients with suitable products, reliable suppliers and responsive service. We are committed to delivering practical solutions that meet client requirements while building trusted relationships, creating sustainable business opportunities and contributing to the growth of the South African economy.
